Republicans of River City meeting for August is **MOVED**.

The board hopes you have a wonderful and restful August and that you will attend the Sacramento Republican Central Committee debate watch party at the headquarters, 9851 Horn Road, Suite 100, 95827.

OUR STATE FAIR

By Carl Burton

The California State Fair is over and you can be proud of the Sacramento County Republican Party and its many volunteers who came together to help staff the booth and register voters thought out its 18 day run.

Once again we were able to visit the craft building and view some of the displays of counties and the art work of our young people. I was reminded of our former President of Republicans of River City, Don Faller, and his wife Annet who had quilts on display at the fair and also of my grandmother Effie who made quilts.

But the state fair would not be a great fair unless I made my way over to the barn area so I could view the pride of the Future Farmers of America and 4-H projects. Anyone who has every visited the farm area has been able to see how some of our best farm crops are grown.

The State Fair holds another area for me that I will never forget; it's a small area that is set aside in remembrance on September 11, 2001. I

REPUBLICAN CANDIDATE WATCH PARTY

By Robert Evans

The Republicans of River City and the Sacramento County Republican Party Central Committee invite you and any interested friends to attend the first Republican Candidate Debate on August 6 at SCRPCC headquarters. We will have the debate and refreshments for your edification and entertainment. Come to the big meeting room next to the SCRPCC office at 9851 Horn Road, Suite 100, Sacramento, 95827.

OUR STATE FAIR

was at the fair on the day when the steel beam form New York Cities destroyed Twin Towers was put in place on the fair grounds. Once again I heard the sound from the freedom bells carillon as they ring while I viewed pictures taken of the attack by the terrorists. And as I walk around the area I couldn't block out of my mind the feelings of sorrow I felt when I visited the site of Twin Towers and look down into a hole where the towers once stood.

I remember the feeling of our national coming together after the dark days in September 11. And how Americans flew our national flag from their front porches and car antennas and how we pinned it with pride on our lapels or sport hats. And around the world people attended impromptu candlelight vigils and participated in moments of silence for our fallen.

President George Bush was able to win a broad mandate to act in the nation's defense when he asked us to be "calm and resolute, even in the face of a continuing threat" and promised that the United States would triumph over terrorism – stop it, eliminate it, destroy it where it grows."
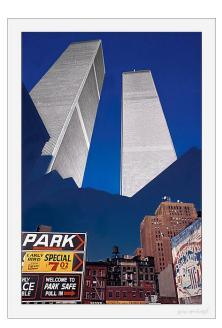

The fight stills goes on against terrorism around the world and its up to all of us to come together next year and elect a President who recognizes that terrorists are not sleeping they plotting, scheming and working to kill us every day.

In 2016 we must choose and elect an America President who knows that we are in war against an Islamic State (ISIS) who has as it's mission purifying the world by killing vast numbers of people.

View pictures of the day the Twin Towers fell by going to https://iconicphotos.wordpress.com/tag/911/

And then ask your friends and love ones to join you and members of Republicans of River City at the polls next year and do everything you can to help elect a President who will beat back the terrorists.

GOOD QUESTION

Chuck Norris, the star of more than 20 films and the long-running TV series "Walker, Texas Ranger," recently asked in a column he wrote: "Oregon legislators have just enacted a subsidiary law that registers a person to vote when they obtain or renew a state driver's license. That might sound all fine and dandy, too, until one realizes that a stone's throw away in neighboring states like California, they are doling out licenses to 1.5 million illegals over the next three years. How long will it be until California's Motor Voter laws extend voting rights to illegals, too?" Good question.

REPUBLICAN PRIMARY PRESIDENTIAL DEBATES

By Carl Burton

The first television presidential debate was held on September 26, 1960 between Vice President Richard Nixon and Senator John F. Kennedy. Now, debates have become a feature in every presidential election subsequent to 1960.

Republicans have a history of candidate watch debates parties. I have always enjoy watching the debates and I like them best when taking part in debate watch parties.

The Sacramento County Republican Central Committee and the Republicans of River City will join to host the first of many debate parties between the 16 (so far) Republican candidates during the 2015-2016 election cycle.

This first of the 2015-16 Republican Presidential debates is on August 6. Fox News moderators Bret Baier, Megyn Kelly and Chris Wallace will ask the top 10 candidates an an average of 5 questions to each candidate. Fox News is asking the general public to submit a question for each candidate. To submit a question, go to the Fox News web site and join in the fun.

You and your friends and family are invited to attend the first of debate party in place of our regular August meeting of Republicans of River City.

Please take advantage of the opportunity to learn more about the candidates and to join with other Republican friends and acquaintances at our Republican debate party. The party will give you an opportunity to start a discussion about how a candidate

SENATOR DIANNE FEINSTEIN AND THE SANCTUARY CITY

By Robert Evans

Have you noticed how Senator Dianne Feinstein (D) has seemed to back away from the idea that San Francisco's sanctuary city status is a good thing?

Funny thing about Ms. Feinstein's attitude is, she is the reason that San Francisco is a sanctuary city. Recall, in 1989, Mayor Feinstein signed San Francisco Administrative Code Chapter 12H: Immigration Status. This code states, in part: "… the City and County of San Francisco is a City and County of Refuge."

The code goes on to state that "No department, agency, commission, officer or employee of the City and County of San Francisco shall use any City funds or resources to assist in the enforcement of federal immigration law or to gather or disseminate information regarding the immigration status of individuals in the City and County of San Francisco … " and that "The prohibition set forth in this Chapter shall include, but shall not be limited to:

(a) Assisting or cooperating, in one's official capacity, with any Immigration and Naturalization Service (INS) investigation, detention, or arrest procedures, public or clandestine, relating to

alleged violations of the civil provisions of the federal immigration law.

(b) Assisting or cooperating, in one's official capacity, with any investigation, surveillance or gathering of information conducted by foreign governments, except for cooperation related to an alleged violation of City and County, State or federal criminal laws.

(c) Requesting information about, or disseminating information regarding, the immigration status of any individual, or conditioning the provision of services or benefits by the City and County of San Francisco upon immigration status, except as required by federal or State statute or regulation, City and County public assistance criteria, or court decision.

(d) Including on any application, questionnaire or interview form used in relation to benefits, services or opportunities provided by the City and County of San Francisco any question regarding immigration status other than those required by federal or State statute, regulation or court decision. Any such questions existing or being used by the City and County at the time this Chapter is adopted shall be deleted within sixty days of the adoption of this Chapter.

SANCTUARY CITY

"The Human Rights Commission shall review the compliance of the City and County departments, agencies, commissions and employees with the mandates of this ordinance in particular instances in which there is question of noncompliance or when a complaint alleging noncompliance has been lodged."

So you see, the code is specific and has real teeth. Any city worker who ignores this risks their job.

And as for Ms. Feinstein, she has said nothing about how she would change this law. Perhaps in 1989 there was a good reason for this but today? I think it's time to take action and end sanctuary cities and for congress to withhold funds from all sanctuary cities.
